TO: Flood Control and Water Conservation District Zone 3 Advisory Committee and Technical Advisory Committee

FROM: Paavo Ogren, Public Works Director *PAO*

VIA: Dean Benedix, Utilities Division Manager
Douglas C. Bird, Hydraulic Operations Administrator *DCB*

DATE: July 29, 2011

SUBJECT: San Luis Obispo County Flood Control and Water Conservation District, Zone 3 (Lopez Project); Formal Declaration and Sale of Surplus Water

Recommendation

It is our recommendation that your Committee receive this formal declaration of surplus water in an amount of 2,465 acre-feet for the water year 2010-2011.

Discussion

The contract between the San Luis Obispo County Flood Control and Water Conservation District, Zone 3 (District) and the water contractors dated September 19, 2000, calls for surplus water to be calculated at the end of the water year in accordance with an agreed upon formula. Calculations indicate that 2,465 acre-feet of surplus water is available from water year 2010-2012, and is subsequently available for purchase during water year 2011-2012 (April 1, 2011 through March 31, 2012) as shown below.

Agency	Percent Share	Quantity Surplus Water	Cost Per Acre-foot	Total Cost
Arroyo Grande	50.55	1246.06	50.00	62,302.88
Oceano CSD	6.69	164.91	50.00	8,245.43
Grover Beach	17.66	435.32	50.00	21,765.95
Pismo Beach	19.78	487.58	50.00	24,378.85
CSA 12	5.32	131.14	50.00	6,556.90
Totals	100	2,465.00		123,250.00

In accordance with the terms and conditions endorsed by the San Luis Obispo County Flood Control and Water Conservation District, Zone 3 Advisory Committee, on January 20, 2011, and as authorized by the Board of Supervisors sitting as the Board of the San Luis Obispo County Flood Control and Water Conservation District, Zone 3, on March 8, 2011, this formal declaration of surplus water is hereby made.

Recommendation

That your Committee receive this formal declaration of surplus water in an amount of 2,465 acre-feet of surplus water for water year 2010-2011.
