Subject: Suspension of Robles Groundwater Basin Management Plan

This notice is provided to inform members of the GAC and the general public that the Paso Robles Groundwater Basin Management Plan (GMP) will be suspended until further notice as a result of the State's current financial situation. These circumstances have resulted in suspension of grant-funded projects by the California Department of Water Resources. The GMP will be reinitiated if State grant funding is restored.

The City of Paso Robles and County of San Luis Obispo appreciate the interest expressed in the preparation of the GMP as demonstrated at the Groundwater Advisory Committee (GAC) meeting held on January 15, 2009 and we look forward to continue this project once funding is available.

If you have any questions, please contact the City's Water Resources Manager, Christopher Alakel, at (805) 237-3861, CAlakel@prcity.com.

Sincerely,

SYLAS S CRANOR
Utilities Water Resources Engineer
